

Imperialism Motives

Lightning Round!

You will have 3 minutes to answer each of the following questions as completely as you can...

1. Define “Foreign Affairs.” What should America’s role be across the world? Should we be involved with other countries, or should we “mind our own business?”
2. Define “*Imperialism*” and “*Colonization*” (Look them up if you have to)! What is the main difference between the two? Is one better than the other?

Test Recap

The Good

The Bad

The Ugly

Definitions!

Foreign Affairs: Policy of a government in dealing with other countries or with activities overseas

Imperialism: A policy of extending a country's power and influence through diplomacy or military force

Colonization: A policy of extending a country's power by claiming another territory as your own

Motives Packet

In groups, you will use the “Motives Packet” to figure out reasons why nations would be involved in imperialist activities. These apply to all imperialist nations, not just America!

Use the information in the packet to fill out the information on your note sheet.

White Man's v. Black Man's Burden

In your groups, you will read your assigned section of the reading (aloud!). Afterward, you will “translate” your section, meaning explain what it is trying to say.

Feel free to use a dictionary or your phone to figure out the meaning of some of the words

Once everyone has translated their section, we will share out to get a feeling for what the whole passage is trying to say.

Group Project

1. Read the textbook section assigned to your group. Write a brief, but detailed, summary of the events described in your section. Check it off with Mr. Bird to make sure you know all the specific things that you should be talking about.
2. Look through the primary sources you have been given. Choose at least two quotes that showcase the main ideas of your imperialism example
3. Begin online research (using a computer – not a phone!) and start drafting your board presentation.
 - Causes of the event
 - Description of the event
 - Effects of the event
 - Which motive of imperialism is it an example of
