

# Unit 7 Review

---

COLD WAR IN EUROPE

As you come in...

Take a slip of paper and write your name on it. Fold it in half once, and put it in my tip jar.

# Announcements

---

Test next time – Bring something to read, so that if you finish early, you'll have something to do.

Any late work you bring to me this week is guaranteed to be graded, anything you bring next week goes at the bottom of my to do list

# Agenda

---

Journal (-ish Activity)

Timeline Activity

The Cold War Olympics

- The “Arms’ Race”
- Pass the Point

Video Recap

# An Introduction to the Olympics

---

You will be competing in one of four teams for honor, glory, and fame. Awards will be given out based on the points your team accumulates throughout the class period. Some of these points will be directly tied to performance in feats of strength and mental cunning; others will be given out based on effective use of time and behavior. **I, Mr. Bird, reserve the right to give and take away points as I see fit.** Even though we're going to have some fun today, let's maintain order and civility in the classroom.

Please stand and say "I agree to the Terms and Conditions of the  
Cold War Olympics"

## Intro Activity

Check your binder against the “master packet!” While you wait to access it, work on your pink review guide

# Timeline Activity

---

Knowing the order that things happened will be beneficial to your test taking endeavors. As a team, create a human timeline with these events:

- Start of the Korean War
- Interning the Japanese
- Berlin Airlift
- End of the Space Race
- Dropping the atomic bomb
- Launch of Sputnik
- Passing the G.I. Bill
- Creation of the U.N.
- Communists take over China
- Pearl Harbor
- Creation of NATO
- *The Long Telegram*
- Start of WWII in Europe

# The "Arms' Race"

D.L.E

Yalta Conference

Truman Doctrine

Palestine

Brinkmanship

Satellite Nations

Marshall Plan

United Nations

Long Telegram

Berlin Airlift

M.A.D.

Candy Bomber

United Nations

NATO

Partition Plan

Potsdam Conference

Warsaw Pact

Iron Curtain

Sputnik

Containment

# Pass the Point

---

## Instructions

In this challenge, each of you will be competing directly against someone from each of the other teams. The goal is to control “The Goods” at each of the randomly spaced “Checkpoints.” To gain control of The Goods, you must be the first to answer the question I ask correctly. If nobody in your group can answer the question, control of The Goods stays with whoever had it last.

# The Goods

---

**AMERICA**

**AMERICA**

---

What event started the Space Race?

---

# The launch of Sputnik

---

Which containment policy emphasized  
political support for countries fighting  
Communism?

---

# The Truman Doctrine

# CHECKPOINT!

---

**AMERICA**

**AMERICA**

---

What are the three topics discussed at the Yalta Conference?

---

# Poland, the Division of Germany, the Declaration of Liberated Europe

---

This containment policy gave economic aid to European countries, hoping to prevent the spread of Communism

---

# The Marshall Plan

---

What did the Declaration of Liberated Europe say?

---

People have the right to choose their  
own government

# CHECKPOINT!

---

**AMERICA**

**AMERICA**

---

What was President Kennedy's main goal  
in the Space Race?

---

To put a man on the moon

---

This man wrote *the Long Telegram*

---

George Kennan

---

The U.S. focused on improving \_\_\_\_\_  
after WWII

---

Economy

---

What U.S. policy was suggested in the Long Telegram?

---

# Containment
